Additional information that you feel may be relevant:

- Being placed on the free agent list does not guarantee that you will get on a team.
- **Free agents are required to send in a new form for every season.** If you're on the list for the fall/winter season but do not turn in a form for the spring/summer season, you will no longer be on the list.
- Generally speaking, teams recruit people they know to play on their team. The best way to get on a team is to come out to the AL Trione Sports Complex on Whispering Pines Rd. on game nights to see what team would be best for you and to meet some of the players.
